## PRESIDENT'S MESSAGE

Greetings to all my fellow PNA A colleagues across the four regions of the country. The Executive Board (EB) has created two task forces for the 2020-2024 term. We agreed that it is our responsibility as a professional organization of Filipino-American nurses to respond to the needs of people regarding health equity, where everyone, rich or poor, has a just opportunity to be healthy. Notably, by removing the barriers to social determinants of health such as: poverty, lack of education, poor housing, lack of transportation, lack of access to healthcare, & etc. through multisectoral collaboration with government and non-government agencies, churches, schools /universities, businesses, private individuals, & etc. Hence, a task force on the Future of Nursing

2020-2030: Charting a Path to Achieve Health Equity Through Diversity, Equity, Inclusion, Belongingness, and Social Justice (DEIBSJ Task Force) came to fruition. Additionally, with global warming affecting our country and the entire world a "Task Force on Climate Change and Its Effects on Healthcare" became a reality. Thank you to the leadership of Dr. Sasha Rarang, Dr. Mila Sprouse, Dr. Marlon Saria, Manelita Dayon and Dr. Riza Mauricio. The significant work of these two task forces together with the PNA A EB, Committee Chairpersons, and 52 chapters with "Our United Voices: WE CARE" as framework, the PNA A will continue to promote and advance its contributions on health equity for all. In February 23, we launched the PNA A and Alzheimer's Association Partnership and its purpose is to raise awareness and provide education about Alzheimer's and other forms of dementia to the PNA A members and Filipino communities, especially caregivers.

Greetings to all my fellow PNAA colleagues across the four regions of the country. The Executive Board (EB) has created two task forces for the 2020-2024 term. We agreed that it is our responsibility as a professional organization of Filipino-American nurses to respond to the needs of people regarding health equity, where everyone, rich or poor, has a just opportunity to be healthy. Notably, by removing the barriers to social determinants of health such as: poverty, lack of education, poor housing, lack of transportation, lack of access to healthcare, & etc. through multisectoral collaboration with government and non-government agencies, churches, schools /universities, businesses, private individuals, & etc. Hence, a task force on the Future of Nursing

2020-2030: Charting a Path to Achieve Health Equity Through Diversity, Equity, Inclusion, Belongingness, and Social Justice (DEIBSJ Task Force) came to fruition. Additionally, with global warming affecting our country and the entire world a "Task Force on Climate Change and Its Effects on Healthcare" became a reality. Thank you to the leadership of Dr. Sasha Rarang, Dr. Mila Sprouse, Dr. Marlon Saria, Manelita Dayon and Dr. Riza Mauricio. The significant work of these two task forces together with the PNAA EB, Committee Chairpersons, and 52 chapters with "Our United Voices: WE CARE" as framework, the PNAA will continue to promote and advance its contributions on health equity for all. In February 23, we launched the PNAA and Alzheimer's Association Partnership and its purpose is to raise awareness and provide education about Alzheimer's and other forms of dementia to the PNAA members and Filipino communities, especially caregivers.

### 2023 PNAA NATIONAL EXCELLENCE ACHIEVEMENT AWARD NURSE RESEARCHER/SCIENTIST

## LTC PEDRO OBLEA, JR., PHD, RN

LTC Pedro Oblea, Jr. is the director of the Center for Nursing Science and Clinical Inquiry and the Tripler Medical Army Medical Center and Advance Practice Registered Nurse Transition Program. Current active-duty United States Army.

He is the only Filipino "Nurse Scientist" designated by the Army Nurse Corps. He spearheaded various evidence-based projects that yielded strategic impact across the Department of Defense (DOD) in readiness, outcomes, and research. Due to his expertise, he has been consistently invited as faculty member and grant reviewer for the congressionally directed TriService Nursing Research Program (TSNRP). He is also recognized as a top peer reviewer for the Journal of Psychosocial Nursing and Mental Health. He was awarded a grant by the Geneva Foundation for his recent research on the Impact of Hydrocolloid Barrier as Facial Skin Protectants Among Healthcare Workers.

He has numerous publications that include Identifying the
